

NATIONAL OHS ALERT

ASBESTOS CONTAMINATION: BORAL FIRE-RATED PLASTERBOARD PRODUCTS

The CFMEU has been advised that low levels of asbestos contamination has been identified in some of the following Boral fire-rated plasterboard products:

- Firestop® Plasterboard
- Fire Wetstop™ Plasterboard
- Multistop™ Plasterboard range (3/3HI, 4/4HI, 5/5HI)
- Shaftliner™ Mould Stop Plasterboard

Any workers using Boral fire-rated plasterboard products should **immediately** demand their company confirm whether the products they are using are asbestos free.
